Magnolia grandiflora 'Little Gem'

Foliage	Evergreen
Form	Oval
Mature Size	6 x 3m
Family	Magnoliaceae

LITTLE GEM MAGNOLIA (EVERGREEN)

This is a lovely tree which flowers from an early age, producing beautiful creamy white, saucer shaped flowers in spring and summer. Leaves are a classic glossy deep green colour with furry brown undersides forming a nice compact evergreen tree with a dense covering of foliage. A hardy and reliable variety which makes it a consistently solid performer in the landscape.

A great feature tree in small or large gardens. Can also be planted in groups. Prune regularly to avoid leggy growth.

Performs best in part shade, tolerates polluted city atmospheres. Magnolias require organic, well-drained soils with summer irrigation for success.
