Magnolia grandiflora 'St Mary's'

ST MARY'S MAGNOLIA (EVERGREEN)

This is a more compact and bushy form of Magnolia grandiflora with enormous creamy white solitary cup shaped flowers. It has bright green glossy leaves with wavy margins.

Beautiful as a specimen, this Magnolia also makes an excellent flowering screen or hedge. Works well being planted in rows. Adds a lush green colour all year round.

Magnolias require organic, well-drained soils with summer irrigation for success.

Foliage	Evergreen
Form	Oval
Mature Size	6 x 4m
Family	Magnoliaceae

Small **Evergreen** **Oval** **Coastal** **Feature Flower** **Feature Foliage** **Formal Screening** **Group Planting** **Informal Screening** **Specimen**
