

Betula pendula 'Moss White'

Moss White Silver Birch

This tree has bright green foliage that turns to a pale yellow in Autumn. The trunk is a grey colour when young gradually turning to white. It produces long hanging pale green catkins. 'Moss White' has been selected for its bright white bark.

Uses

This tree is moderate growing so is well suited to street plantings, parks and gardens. Can also be used as a specimen tree or clumped together to form a forest effect.

Preferred Position & Soil

Prefers a moist well drained soil in sun / part shade.

Mature Height:	8-10
Mature Width:	3-5
Form:	Columnar
