

Hakea multilineata

Grass-leaf Hakea

Hakea multilineata is considered a small tree to 5 metres high with long linear leaves with numerous parallel veins. Flowers are stunning - usually bright pink and sit within the foliage, well displayed to the world.

Uses

This tree, particularly in flower, makes for a beautiful and compact feature tree.

Preferred Position & Soil

Hakea multilineata is tolerant of moderate frosts and grows and flowers best in an open, very well drained, sunny position. Flowers are bird-attracting.
