

## Tristaniopsis laurina 'Luscious'

This is an updated version of the straight *Tristaniopsis laurina* with larger and shinier dark green leaves and new growth that starts out a distinctive copper colour. Over time branches develop a deep purple colour bark that peels back to reveal a cream smooth trunk. It produces somewhat fragrant yellow flowers in clusters in summer.

### Uses

Its dense form makes for an attractive hedge or screen. A great summer shade tree or feature tree.

### Preferred Position & Soil

This variety tolerates a wide range of soil and climate conditions including frost. Not suited to very dry climates or exposure to hot winds without regular watering.

<b>Mature Height:</b>	7-8
<b>Mature Width:</b>	4-5
<b>Form:</b>	Oval
<b>Family:</b>	Myrtaceae
<b>Categories:</b>	Evergreen, Informal Screening, Shade Tree, Specimen
