

Petite hedge selections

These are great suggestions for hedging in petite spaces. Keep clipped or distinctively shape for added variation.

Syzygium australe 'Hinterland Gold'

This is another ideal native shrub for hedging and screens. Offers compact glossy green foliage with a lovely copper hue in new growth. Red berries follow white fluffy flowers. A good specimen to clip to shape and desired height. We have good stock in 30cm and 50 litre containers but you will need to be quick.

Acmena smithii 'BWNFIR Firescreen PBR'

CREEK LILLY PILLY

This is an attractive, fast growing shrub or small tree. Slightly broader in leaf than straight Acmena Smithii it has a semi pendulous, dense growth habit to ground level. The new growth is glossy and copper red in colour, maturing to mid green. Suitable for larger hedges, growing to 6m tall, we have great numbers available now in 30cm and 50 litre containers.

Ficus microcarpa hillii 'Flash'

Thick dense foliage makes this tree an instant candidate for an instant hedge or screen depending if you want to let it to grow unrestricted or clip to shape. We have stock available now in 20cm, 30cm and 50 litre containers as well as some stock in 150 litre bags already standing at 3m tall.

Laurus nobilis 'Miles Choice'

This Bay tree offers a more compact form and grows slightly smaller than the traditional Bay Tree to around 7m tall. It produces glossy dark green foliage. Leaves are fragrant and can be used in cooking.

Syzygium australe 'Resilience'

Growing to 5m, this is a great selection for hedging. It is a compact specimen with tightly packed pale green foliage that emerges with a reddish bronze tinge. It is a very popular lily pily selection.
