

Acacia cognata 'Mini Cog'

An attractive low growing compact form of *Acacia cognata*. An Australian native that has fine, thin, soft leaves. The foliage forms a weeping habit with lovely light green foliage turning a rich emerald green with age.

Works well as a low garden border or bank cover. Great in native and rockery gardens. Suitable for large containers.

Grows in full sun to dappled shade and is suited to most soil types as long as they are well drained. Responds well to tip pruning.
