

Acacia implexa

Foliage Evergreen

Form Oval

Mature Size 8 x 7m

Family Mimosaceae

LIGHTWOOD, HICKORY WATTLE

An upright small to medium tree that is native to Australia. It has similar wood to *Acacia melanoxylon* when young but *A. implexa* flowers in summer. A drought tolerant upright small tree with an open crown, long slender green leaves and pale yellow flowers in Summertime.

This is a great tree for coastal plantings and gardens in full sun. Can tolerate road pollution so it suits roadways and car parks where this can be an issue.

Likes a well-drained soil in a sunny position. Can tolerate a range of conditions which makes it a good street tree. Can handle dry and wet soils.
