

Acer campestre 'Elsrijk'

ELSRIJK MAPLE, COMPACT FIELD MAPLE

This is a smaller version of the regular Acer campestre, named after a park in Holland where it was discovered. It is well suited for smaller gardens and landscaping projects.

For use as a shade tree or feature tree in smaller gardens. Great for avenue planting on medium sized properties.

This variety grows well in humus-rich, well-drained soils but it is tolerant of a wide variety of conditions.
