Azara microphylla

Foliage	Evergreen
Form	V-Shaped
Mature Size	8 x 5m
Family	Salicaceae

VANILLA TREE

Azara microphylla is a small evergreen tree from South America with small deep green foliage that grows in a pinnate like form on slightly pendulous branches. Small yellow flowers are borne in spring and bring with it a nice vanilla scent.

It has an upright habit which makes it suited to narrow spaces. Could also be used in a courtyard that does not receive much summer sun. A nice option for hedging.

Prefers a rich soil, moist soil and a part shade position. In a moist soil and light shade, this is a tree that requires little care and only remedial pruning. Any damaged wood can be pruned back as needed.

Medium | **Evergreen** | **V-Shaped** | **Hedging** | **Informal Screening** | **Specimen**
