

Citrus reticulata 'Emperor'

EMPEROR MANDARIN

An attractive, strong fruiting tree with glossy green leaves and small, fragrant, white flowers. This variety produces excellent fruit year after year. Fruit has large skin which forms completely separate from the flesh making this variety easy to peel. The fruit ripen from April to late October.

Great in the backyard or in pots or containers. A great addition to the backyard orchard.

Prefers a moist humus rich soil in a sunny position. Most fruit trees require pruning to maintain the quality of the fruit.
