

Tree	 <p>Acer palmatum dissectum 'Viridis' (weeping standard)</p> <p>VIRIDIS WEEPING JAPANESE MAPLE</p>
Description	A graceful and wide spreading weeping Japanese Maple with bright green foliage that has fine serrated foliage giving it a feathery appearance. Green leaves turn a brilliant scarlet-red in autumn. The flowers are small and red in spring.
Foliage	 Deciduous or type unknown
Form	 Weeping
Mature Size	1.4-1.8m grafted
Uses	Most Japanese Maples make wonderful feature trees due to their shape, leaf shape and colour. They are very suitable for courtyards with protection from full sun and hot winds. Due to its spread, it is recommended for larger gardens and open spaces.
Position & Soil	Prefers being planted in a protected area of the landscape away from full sun and hot summer winds that can stress the tree. Prefers a moist, well-drained soil.
Features	 Small or type unknown  Deciduous or type unknown  Weeping  Feature Foliage or type unknown  Specimen or type unknown
