

Tree	 <p>Acer shirasawanum 'Aureum' GOLDEN FULL MOON MAPLE (JAPANESE MAPLE)</p>
Description	This is a beautiful small Japanese Maple with bright golden green foliage. It will look stunning planted as a feature due to its open form and amazing bright-green, almost yellow foliage. In autumn, leaves go that extra shade of yellow.
Foliage	 Deciduous
Form	 V-Shaped
Mature Size	2-3 x 2-3m
Uses	This tree makes is an ideal feature tree for colour contrast in any dappled light location. Growing to 2-3m tall it is particularly suitable for protected and shaded gardens or in a suitable container. This variety is a very-slow growing tree.
Position & Soil	Prefers moist, well-drained soil in morning sun or part shade. Avoid a location that is unprotected from north or west sun, or hot wind in summer as this may cause scorching of the leaves.
