

Cupressus sempervirens 'glauca'

ITALIAN PENCIL PINE

The Italian Pencil Pine is an excellent, low maintenance choice for creating a formal look in areas where space is limited. This variety has a dense, upright, columnar growth habit and requires very little to no pruning to maintain its shape. Foliage is aromatic with a blue-green shade and produces less fruit than many other pencil pine selections.

A signature or specimen conifer that is commonly used as bookmarks to a doorway, either side of paths, to line a driveway or along a wall.

Prefers a moist, well-drained, fertile soil in a full sun position but can adapt to suit semi-shade positions.
