

## **Eucalyptus pyriformis x macrocarpa** **'Nullarbor Rose' EyEm1001**

'Nullarbor Rose' is a hybrid of two iconic West Australian eucalypts; *Eucalyptus macrocarpa* and *Eucalyptus pyriformis*. It combines magnificent large, rose-coloured flowers, grey foliage and an upright habit.

This is a new variety of grafted gum, suitable for home gardens, residential and commercial developments. Its compact size and adaptability is an outcome of the grafting process.

Best suited to a sunny position in well-drained soil. Water requirements are low. Frost tolerant. This new variety is grafted onto a special rootstock making them drought tolerant and suitable for heavy clay soils throughout South Eastern Australia.
