

Grevillea banksii x nana 'Billy Bonkers'

This grafted Grevillea will make a lovely low spreading feature shrub in any garden. The hot pink flowers cover the plant most of the year. It loves full sun and will grow to 1m high, but spread to just over 2m across.

'Billy Bonkers' is a great selection for native gardens where it can spread out with ease.

This variety likes a fun sun position and a humus-rich soil.
