

Grevillea banksii x nana 'Miami Pink'

This grafted Grevillea will make a lovely feature shrub growing to 1.5m tall. The pink flowers cover the plant most of the year. It loves full sun and will spread to about 1m across.

'Miami Pink' is a great selection for native gardens where it can spread out with ease. It grows slightly bigger than Grevillea 'Billy Bonkers'.

This variety likes a fun sun position and a humus-rich soil.
