Lagerstroemia indica x fauriei 'Tuscarora (Multi-Planted)'

Foliage	Deciduous
Form	Branches Ascending
Mature Size	8 x 4m
Family	Lythraceae

CREPE MYRTLE (HOT PINK) MULTI-PLANTED

This is a glorious 'Tuscarora' specimen x 3 and a clever selection for landscapes wanting a multi-planted specimen with limited space. This species is a wonderful seasonal tree offering smooth bare limbs in winter and attractive bracts of flowers in the summer months.

The multi-planted specimen provides an instant effect with striking flower and colour. Suitable for larger plantings with the necessary space.

Prefers well-drained humus rich soil in a full sun position. Can tolerate most conditions but moisture is prefered in dry periods when young.

Small **Deciduous** **Branches Ascending** **Feature Bark** **Feature Flower** **Feature Foliage** **Specimen**
