Leptospermum petersonii 'Lemon Hedge'

Foliage	Evergreen
Form	Shrub
Mature Size	3m x 1.5m
Family	Myrtaceae

TEA TREE

As a small, fast graowing small native tree or shrub, this is a nice selection for a scented native hedge. Branching is pendulous. Little white flowers appear in summer.

Makes an excellent screen, informal hedge or windbreak. Contains essential oils suitable for candles and soap making.

Like most Tea Trees, this selection prefers a sunny, full Sun to semi-shade position in a well-draining, humus-rich soil.

Small **Evergreen** **Shrub** **Bird Attracting** **Coastal** **Feature Flower** **Hedging** **Native**
