Olea europaea 'Manzanillo'

MANZANILLO OLIVE TREE

A small growing tree with leather-like leaves which are green with silver undersides. It produces black edible fruit annually. A great table olive and used for its oil.

The fruit can be eaten once processed. Lovely shade tree and adds texture and light colour to gardens.

Prefers well-drained soils in full sun. Likes well-drained fertile loamy soils although will survive in poor soils. Can tolerate periods of drought. Best in non-frost areas.

Foliage	Evergreen
Form	Oval
Mature Size	6 x 3m
Family	Oleaceae

Small **Evergreen** **Oval** **Avenue** **Coastal** **Driveway** **Feature Foliage** **Fruiting & Edible**

Group Planting **Informal Screening** **Specimen**
