

Parrotia persica

PERSIAN IRONWOOD

This is a beautiful deciduous with great autumn colour. Its rounded canopy lends itself to being a wonderful specimen tree.

This tree is great as a specimen or as a feature tree ideally near an entertaining area. Autumn colour is yellow through to burgundy.

Prefers full sun to part shade. Also prefers a partly acidic soil although it will tolerate most soil types. Do not plant where it will be subject to hot northerly winds as leaf ends will tend to burn.

Foliage Deciduous

Form Broad-domed

Mature Size 7 x 5m

Family Hamamelidaceae

Deciduous

Broad-domed

Small

Feature Foliage

Specimen
