

Populus simonii

CHINESE POPLAR

This is a quick growing fastigate deciduous tree. The green shiny leaves are oval to diamond-shaped, with a pale silvery underside. They turn a brilliant yellow in the autumn months.

Great for deciduous screening and avenue plantings. Great for large parks.

Prefers a well drained humus rich soil but will tolerate light to heavy soils. Best in more acidic soils. Populus love a full sun position. Tolerant to high winds.
