

## Syzygium australe 'AATS' PBR Pinnacle™

A very narrow growing native Australian shrub. This Syzygium is a lovely compact, dense grower which requires very little pruning to maintain a narrow habit, making it ideal for screening and hedging in tight spaces. Foliage is glossy and deep green in colour with new growth being tinged in tones of red-brown. Small, white flowers appear in the warmer months, followed by fleshy pink-red fruits. This variety could easily be used as an Australian native alternative to the Italian pencil pines.

Used widely as a hedging or screening plant. A great addition to garden.

Will tolerate most soils in a full sun to part shade position.

**Foliage** Evergreen  
**Form** Fastigate  
**Mature Size** 6 x 2-3m  
**Family** Myrtaceae

**Evergreen**

**Fastigate**

**Small**

**Driveway**

**Formal  
Screening**

**Hedging**
